

ColorBeam 2500E AT™

A brand new ColorBeam 2500E AT is the most powerful moving head coming from Robe. ColorBeam 2500E AT delivers extremely bright, strong and punchy beam light output. This product is dedicated to the largest applications where extremely powerfull beam-effect fixtures are required. On board Multi-step zoom provides optional beam size from 6.5 – 10 degrees. Rotating gobos and Rotating prism create beautiful mid-air effetcs. ColorBeam 2500E AT provides full CMY/CTO and variable frost for creating nice washlight effects.
